MIDWAY SEWER DISTRICT

PO Box 3487 · Kent WA-98089-0209 · 3030 S 240 St.

Wastewater Treatment Plant Operator

The Midway Sewer District is seeking a Licensed Wastewater Treatment Plant (WWTP) Operator for its Trickling Filter / Solids Contact facility. Our District considers its employees to be one of its most valuable assets and has a demonstrated history of ongoing employee skills training. This includes educational opportunities such as participation in the Pacific Northwest Clean Water Association (PNCWA) at the local/regional level; District paid training to bolster employees' individual skills and advanced coursework opportunities at local colleges and universities. Medical / dental / vision insurance is provided through the Washington State Healthcare Authority offering a variety of options for the employee and their dependents—the District currently pays 100% of the monthly premium for employees (incl. dependents).

Depending on your experience and licensing the salary range for the Wastewater Treatment Plant Operator: **\$4736.65--\$6754.49 / Mo.**

Additional benefits include:

- Up to 24 days' paid vacation days per year depending on years of employment
- Sick leave accrual at one day per month
- 11 paid holidays per year
- Medical expense account (HRA VEBA) that covers the entire family.
- Great retirement plan (PERS II or III) options with Washington state Department of Retirement Systems
- Deferred compensation (optional) is offered to employees
- District provided clothing and laundry services

Application forms and a complete job description are available on the District Website at Midwaysewer.org or in person at Midway Sewer District, 3030 South 240th street, Kent, WA 98032.

Those interested in the Wastewater Treatment Plant Operator position must submit the following: A completed District application along with a cover letter & resume. Incomplete submissions will disqualify applicants from further consideration.

Position status: Open until filled

Posting date: April 8th, 2019
