

MIDWAY SEWER DISTRICT - **RESOLUTION NO. 2025-04**

WAIVER OF COMPETITIVE BIDDING REQUIREMENTS

- **Background:** RCW 39.04.280 provides for the waiver of competitive bidding requirements under enumerated conditions including (1)(a) Purchases that are clearly and legitimately limited to a single source of supply and (1)(b) Purchases involving special facilities or market conditions.
 1. The District intends to use Flygt Pumps to replace existing Cornell pumps at the Saltwater Park pump station “Equipment.”
 2. District staff believes the Flygt pumps are uniquely suited for the pump station for the following reasons:
 - a. Cornell has proven to be non-responsive and has very slow lead times resulting in potential service disruptions at the pump station;
 - b. The District currently uses Flygt pumps at most of our stations;
 - c. Flygt has a proven track record of being responsive and expedient, parts are more readily available and as a result staff believes using Flygt pumps will minimize service disruptions; and
 - d. District staff are very familiar with Flygt equipment and using Flygt pumps at the Saltwater pump station will enhance the standardization of equipment at all pump stations and will make part replacement and maintenance more efficient.
 1. District staff have determined that Whitney Equipment Company, Inc. is the exclusive source for the District to purchase the Equipment (Exhibit A).
 2. Whitney Equipment Company, Inc. is therefore clearly and legitimately the sole source of supply.
- **Resolution:** NOW THEREFORE, BE IT RESOLVED, that the Board of Commissioners of Midway Sewer District hereby waive the competitive bidding requirements and authorize the staff to purchase the Equipment identified in Exhibit B at the cost identified in Exhibit B.
- **Adoption:** ADOPTED at a regular meeting of the Board of Commissioners of Midway Sewer District on March 12, 2025 the following Commissioners being present and voting:
